CAREER OBJECTIVE

Passionate Software Engineer with strong skills in C++, JavaScript, and full-stack development. Seeking to apply my knowledge of DSA, web technologies, and backend systems to build scalable, user-focused solutions in a dynamic team environment.

WORK EXPERIENCE

MERN Stack Developer • Internship   Feb 2025 - Present
Kvon Tech, Jaipur

- Developed responsive web interfaces using HTML, CSS, Bootstrap, and jQuery.
- Created RESTful APIs with Node.js and Express.js to handle user authentication and data operations.
- Implemented secure login/logout functionality with JWT.
- Integrated MongoDB and MySQL for different application modules based on data structure needs.

EDUCATION

Master of Computer Applications (MCA), Computer Application   2023 - 2025
JECRC University

Bachelor of Computer Applications (BCA), Computer Application   2020 - 2023
S.S Jain Subodh College

Percentage: 79.11%

TRAININGS / CERTIFICATIONS

Web Development
Feb 2025 - Apr 2025

Internshala Trainings, Virtual

Completed an 8-week online certified training in Web Development. Covered modules including HTML, CSS, Bootstrap, Nodejs, JS. Achieved a score of 79% in the final assessment.

PROJECTS

Quiz Web App ↗
Feb 2025 - Mar 2025

Developed a quiz web application using HTML, CSS, JavaScript, and MongoDB. Implemented features including voice answers, a timer, sound effects, and a scoreboard.

PeakPlan
Oct 2024

Created a task management web application with user admin login. Enabled users to add, update, and delete tasks. Implemented filtering for tasks by status and priority. Utilized JWT authentication to restrict user access.
